

# CAI Political Action Committee

**Why do we need CAI\*PAC?** Decisions by legislators can have a big impact on the [74.2 million people who live and work with community associations](#). The CAI\*PAC allows us to support candidates for office that advocate for well-reasoned legislation and oppose legislation that creates unnecessary burdens on the governance and operation of community associations.

## How can I support the CAI\*PAC?

The most important thing you can do, as a CAI company/firm member, is to fill out this solicitation authorization form so that CAI can explain the benefits of this vitally important advocacy tool in greater detail. Federal law states that CAI\*PAC can only solicit personal or individual contributions after this form is completed and returned to CAI.

**Completing this solicitation authorization form does not in any way obligate you or your employees to contribute to CAI\*PAC.**

- As the primary contact for this CAI-member company/firm, I authorize CAI\*PAC to solicit me and my company's eligible employees during the year (s) which I approve. I understand that CAI\*PAC will work with me and will not contact my employees directly.
- I understand that my company can give only one trade association political action committee prior authorization to solicit me or eligible employees of my organization in any calendar year and this permission may be canceled at any time.

Check the appropriate box (es) below to authorize CAI\*PAC to solicit voluntary contributions from you or your eligible employees for the specified year (s).
