

CAI – OC Meets with Local Congressman to Discuss Mortgage Situation Impact on Community Associations

August 10, 2011

Earlier this week, several members of the [CAI-OC Chapter](#) met with the local representative, [US Congressman John Campbell](#). They spoke with the Congressman about the unique impact on community associations of the mortgage situation.

From L-R: John MacDowell, CLAC OC Liaison, Wendy Bucknum, At Large Delegate and Chapter President, US Congressman Campbell, Ramona Acosta CLAC OC Delegate, Jamie Hackwith, CLAC OC Delegate.

This was a very productive meeting and Wendy Bucknum would like to remind all others who are meeting with their local representatives to bring a camera as it's difficult to capture a quality picture of everyone with a mobile phone camera.

Thank you to the members of CAI Orange County for sharing this photo with [CAI-CLAC](#). More information about how CAI is approaching the mortgage situation is available at [Mortgage Matters](#).
