

# Constituents in your COMMUNITIES

*You're invited!*

**Who:** Elected officials like you!

**When:** Anytime you are in your home district/state

**Where:** Your local community association (homeowners association, condominium, housing cooperative)

**Why:** Meet and learn about issues affecting your homeowner association constituents

Community associations from across the country (homeowners associations, condominiums, and housing cooperatives) are inviting elected officials from all levels of government to visit and see why this is a great housing model, and why more than 70 million Americans live and work in community associations nationwide.

During your visit, you will see firsthand how each community association is different and tailored to fit unique homeowners and unit owners. It is no wonder why this is the fastest growing housing model.

## What to Expect During Your Visit

1. **Introductions:** You will be greeted by a constituent who lives or works in the community association.
2. **Tour:** A resident should give you a brief tour highlighting common areas and/or units.
3. **Meeting Residents:** The community association may be hosting an event that day such as a picnic, BBQ, ice cream social, or town hall meeting. This is an opportunity for you and your staff to learn about issues that matter most to that community association.
4. **Wrapping Up:** Try to meet with members of the Board and/or the community manager to learn more in-depth about community associations and issues affecting HOAs and condos across the district, state, and country.

## Questions?

If you have any questions or would like assistance in scheduling a visit, please contact Community Associations Institute's Government & Public Affairs Team at [government@caionline.org](mailto:government@caionline.org) or 703-970-9220.
