ASSOCIATIONS INSTITUTE

sponsorship & marketing prospectus

2026

our mission

CAI believes condominium
and homeowners associations
should strive to exceed the
expectations of their residents.

We work toward this goal by identifying and meeting the evolving needs of the professionals and volunteers who serve associations by being a trusted forum for the collaborative exchange of knowledge and information, and by helping our members learn, achieve and excel. Our mission is to inspire professionalism, effective leadership and responsible citizenship—ideals reflected in associations that are preferred places to call home.

CAI offers a wide range of marketing and sponsorship opportunities across a variety of platforms, programs and initiatives, providing the ability to align your brand visibility, in-person contact, marketing activities, and touch points with the community associations industry worldwide.

Alliance Association Bank has benefitted greatly from our partnership with CAI. Over the past few years, **we've significantly raised our profile in the community associations industry** and had the opportunity to engage with CAI members at large national events, like the annual conference, and at smaller national meetings with community association influentials. **Our partnership with CAI has enabled us to more fully engage with community management professionals**, and I would wholeheartedly recommend partnership to my fellow industry partners.
