

HELP PROTECT YOUR COMMUNITY!

5 REASONS WHY YOU SHOULD CONTRIBUTE

What is the Florida Legislative Alliance?

This diverse group of homeowner leaders, community managers, and representatives from community association business partners provides perspective on how proposed legislation could impact people living and working in community associations.

WHY WE NEED YOUR HELP

During legislative sessions in Florida, there are always pieces of legislation introduced that impact Florida's community associations. We need your help now to continue to educate legislators and build relationships on your behalf. In order to be successful in supporting or opposing legislation, we rely on your support. Your donation makes our legislative advocacy and outreach efforts possible.

Please consider donating a \$1 per door (or more) so we can represent your community voice at the State Capitol. Giving is easy, simply donate online today at www.advocacy.caionline.org or mail back your Dollar-a-Door or More donations form.

Additional information can be found on the Legislative Action Committee's website, www.caionline.org/FLA.

1 Gives you a voice. The volunteer committee represents the approximately 9,524,000 Floridians living in [more than 49,800 community associations](#) across the Sunshine State. Your donation saves you and your community association money by protecting Florida's homeowner and condominium associations from burdensome legislation.

2 Keeps you informed and involved. The Florida Legislative Alliance (FLA) organizes "grassroots" advocacy campaigns — letters, e-mails, phone, and social media communications regarding important issues related to community associations.

3 Tracks legislation that could impact community associations. In 2025, the committee reviewed 151 bills that directly or indirectly impacted community associations >> www.caionline.org/LegislativeTracking

4 Strengthens key relationships with lawmakers. By educating lawmakers, legislative and executive staff, and other organizations, as well as testifying, the committee helps advance issues facing community associations and influence the outcome of legislation.

5 Advocacy Successes. During the 2025 state legislative session, CAI FLA worked tirelessly to navigate through many bills, and we are proud of the result which includes the passage of the below bills.

HB 393, My Safe Florida Condo Pilot Program, became the vehicle for a comprehensive package of reforms, CAI-FLA worked closely with legislators from its introduction and made sure that key programmatic changes were included to help the program better assist Florida's condominium owners and associations.

Status: Successfully PASSED, awaiting Governor's signature. Effective immediately upon signature.

HB 913, Condominium and Cooperative Associations, became the vehicle for a series of community association measures negotiated by CAI-FLA and other stakeholders. Among the highlights, CAI-FLA was able to negotiate improvements to SIRS and milestone inspection timelines and streamlining forms—specifically for buildings with 3 or more habitable stories.

Status: Successfully PASSED, awaiting Governor's signature.
